Continuation of Substance of Interview including description of the general nature of what was discussed:

Examiner told Applicant's representative that claims 74 and 58 were of the same scope. Applicant's representative answered that the claims were not redundant; claim 74 encompasses nucleic acids encoding proteins larger than 80 kD. Applicant requested that the protein size limitation be removed from claim 58 and inserted in claim 74, and that claims corresponding to claim 59-60, but dependent upon claim 74 be added; Applicant approved the examiner's amendment for claims 58, 74 and 76-77 as presented in the Examiner's amendment. .
